

Subject: Parish Center Update

Date: December 18, 2015

We have received updated Parish Center plans from Joe Clarke at Groth Design Group. These plans are on our website www.kewaskumcatholicparishes.org. They are probably 90% complete. Daily conversations between architect and HT Building Committee have provided great user input. These plans now include substantial detail.

Improvements that our architect has been able to incorporate are:

- Parish Center has been moved further to west, allowing for easier construction tie-ins and flashing details, which will reduce costs.
- Courtyard and walkway from south parking lot to the north.
- Covered walkway between church and parish center.
- Café designed for 10 large round tables (St. Joe's tables) seating 8 each
- Parish work room adjacent to parish offices.
- 3 security check points and Café lobby and gym lobby.
- Detailed kitchen with pantry and roll-up door for moving supplies into kitchen.
- Gym office with large storage area.
- Men's and women's bathrooms, plus family toilet room.

Visit with Archbishop ListECKI

Joseph Schumaker, SM Pastoral Council Chair and Brian Wildt, HT Pastoral Council chair called Archbishop ListECKI and met with him this week at the Archdiocesan office. They reviewed WE BELIEVE plans. The Archbishop was relaxed and spent considerable time with Joseph & Brian. He asked questions about our goals & objectives. He supports our Catholic youth ministries and educational initiatives.

He is looking forward to our next presentation at the Archdiocesan Building Commission in February. The Archbishop will keep HT & SM parishioners in his prayers. Please keep the Archbishop in your prayers and intentions. Thank you Brian & Joseph for providing thoughtful leadership to our Pastoral Councils and for working so closely together.

Father's Christmas Call

Father is planning to make his Christmas call to each of us. Please watch for this.

WE BELIEVE Update

Our Kick-off Weekend went exceptionally well. All of our Masses were full or nearly full and many Information Packets were distributed after all Masses. If you have not received yours, please pick it up this weekend, as it will save a \$1 or more in postage.

We have about 20 parishioners actively speaking with parishioners about our WE BELIEVE campaign. It was an inspiring set of meetings last Monday & Tuesday evening. More than 150 parishioners were trained by Mark Filips. At one session Mark trained about 100 Contact Leaders and then sent them off. What a great evangelization initiative here in our parish communities. Calls were made to about 1100 parishioners

Our 100 Contact Leaders called about 1100 parishioners of SM & HT. Thank you for calling.
